If you can draw these items:

Then, you can draw Sasha!

Draw Sasha's head and neck.

Now add in her bangs and pony tail holders.

Using circles and curves, make her eyes and eyebrows.

Two dots and two lines make her nose. And a curve makes her smile.

Draw a big oval for Sasha's body.

Using six small curves, draw her wings.

Add on Sasha's legs.

Look at the picture, and draw her shoe.

Part of this shoe is hidden.

Using just curves, make the side of her braid.

Do the same for the other side and braid.

Color Sasha.
